Greetings for 2018!

As you may remember, Wolverine basketball's venerable voice Dick Shellhorn retired last year to spend more, much-deserved time with family during the winters. As a result, KLAM took over his role in gathering sponsors and lining up broadcasters in an effort to continue bringing you live coverage of all the away games so you don't miss a shot.

While not without its speed bumps, the overall system seemed to work well -- and so we are eagerly gearing up for this coming season.

As always, basketball coverage is a local effort funded by local fans. So as in the past, we are hoping you will consider continuing your backing of "Alaska's Biggest Sport" on local radio. The various support levels will remain the same -- and because we are now managing the project, we are pleased to offer a few extras:

(1) Individual/Family booster -- \$50 for the season. Benefits: name mentioned in the games, one free classified add each month in January, February and March.

(2) Business sponsor -- \$100 for the season. Benefits: name mentioned in the games, one free classified ad for personal use -OR- one free weather sponsorship for business use each month in January, February and March.

(3) Business "Super-Sponsor" -- \$500 for the season. Benefits: your own 30 second ads in the games, name included in new radio promos for home games, one free classified ad for personal use -AND- one free weather sponsorship for business use each month in January, February and March.

Payment options are expanded too, as we are able to accept PayPal -- so if you have an account with them and prefer to use a credit card, you can use [paypal@cordovaradio.com](mailto:paypal@cordovaradio.com). Otherwise, you can mail your check to KLAM at Box 60 (please note "Wolverines 2018 in the memo line). And if you have any questions, just email [wolverines@cordovaradio.com](mailto:wolverines@cordovaradio.com).

Again, while we will continue to miss Dick, we intend to keep this tradition alive and well on KLAM -- and with your continued support, there's no reason that can't happen.

Thanks so much for your consideration!
